📍 Relocating to County Kildare,
Ireland — September 2026

Profile

Full Stack Developer with professional experience building and maintaining business web applications using Java, Spring Boot, Angular, TypeScript and SQL Server. Experienced in REST API development, database-driven applications and Agile development environments. Relocating to County Kildare, Ireland, and seeking Full Stack, Java Developer or Application Developer opportunities across Dublin and Kildare.

Skills

Strong: Java · Spring Boot · Angular · TypeScript · REST APIs · SQL Server · JPA / Hibernate · Git
Familiar: AngularJS · MySQL · .NET (basic) · Docker (academic) · Agile development environments
Exposure: AWS (fundamentals) · CI/CD concepts · Microservices architecture

Work Experience

Full Stack Developer

[Bodegas López Morenas](#) · Spain

July 2024 – Present

- Contributed to the development and maintenance of a production ERP system managing production workflows, purchase orders and raw material stock for a 50+ employee winery, supporting operations across multiple business departments.
- Developed Angular 12 frontend features and Spring Boot backend services using JPA/Hibernate and SQL Server, contributing throughout the software development lifecycle.
- Developed and maintained RESTful APIs connecting frontend modules with backend services, improving data consistency and supporting new functionality.
- Collaborated directly with operations and management stakeholders using Agile-inspired workflows to prioritise features and deliver iterative improvements to a live environment.

Full Stack Developer — Internship

[MINSAIT \(Indra Group\)](#) · Spain

January 2024 – June 2024

- Contributed to an airline management web application using Spring Boot, Hibernate, AngularJS and SQL.
- Built and integrated backend REST endpoints consumed by the AngularJS frontend, gaining practical experience in API design and cross-layer data flow.
- Worked within a team of 12 following Agile ceremonies — sprint planning, daily stand-ups and retrospectives — in a structured professional environment for the first time.
